

DEPARTMENT OF DEMOGRAPHY

Brown Bag

*Spatial Heterogeneity in Prevention, Testing,
Vaccine Access and COVID-19 Disease*

Wednesday January 27, 2021
12:00 to 1:00 pm PST

Benjamin Rader
Epidemiology, Boston University

Ben Rader is a doctoral student in the Department of Epidemiology at Boston University School of Public Health, as well as a Graduate Research Fellow with the Computational Epidemiology Lab at Boston Children's Hospital. He is interested in using novel data streams and mathematical models to understand the spatial and temporal determinates of infectious diseases.
