Organization: Department of Global Health, School of Public Health

Title: Assistant Professor without Tenure

Search #: AA2559

Assistant Professor of Global Health

The Institute for Health Metrics and Evaluation and the Department of Global Health within the School of Medicine and the School of Public Health at the University of Washington are recruiting to fill one or two faculty positions at the Assistant Professor level.

The successful applicant(s) will have a PhD in demography or related field. Successful applicant(s) will have demonstrated experience working on the measurement of mortality particularly in developing countries. Extensive research experience in analyzing census and large survey data sets using advanced statistical methods is necessary, using STATA and/or R preferred.

The successful applicant(s) will also take on an important leadership role in mentoring pre-doctoral and post-doctoral fellows working in the field of mortality and health metrics. All University of Washington faculty engage in teaching, research, and service. Salary DOE + excellent benefits. Applicants should forward their curriculum vitae, a brief statement outlining their research interests and at least 4 letters of reference to:

Christopher J.L. Murray, MD, D.Phil., Institute Director
Institute for Health Metrics and Evaluation
University of Washington 2301 5th Avenue, Suite 600
Seattle, WA 98121

Salary and benefits are commensurate with experience and level of appointment. The University of Washington is building a culturally diverse faculty and strongly encourages applications from female and minority candidates. The University is an Equal Opportunity/Affirmative Action employer.

This position closes on July 26, 2010.
