

MAX PLANCK INSTITUTE
FOR DEMOGRAPHIC
RESEARCH

MAX-PLANCK-INSTITUT
FÜR DEMOGRAFISCHE
FORSCHUNG

The Max Planck Institute for Demographic Research seeks
a path-breaking recent Ph.D. eager to develop a highly innovative

Max Planck Research Group

at a frontier of mathematical, biological, historical, social,
economic or qualitative demography.

The successful candidate will be given ample resources to establish and direct an independent research program. For this purpose, he or she will be guaranteed funding to recruit and lead a team of researchers, for operating expenses, scientific collaborators, and technical and secretarial support.

The successful candidate will start a five-year contract (with the possibility of a prolongation after positive evaluation) between October and December 2014. The payment corresponds to the W2 level on the German university scale, equivalent to an Assistant or Associate Professor.

Applicants should have completed a doctoral degree in the past decade. They should have an outstanding record — or show exceptional promise — as demographic scholars.

The Max Planck Society is committed to employing more handicapped individuals and to increasing the share of women in areas where they are under-represented, and therefore expressly encourages applications from such qualified individuals.

The applicant should submit a three to five page description of a research program, along with a work plan, a complete CV, and three personal references.

Please send applications by July 25, 2014 to
appl-mprg@demogr.mpg.de.
