

UNIVERSITY OF TEXAS AT SAN ANTONIO
Faculty Position in Demography

The University of Texas at San Antonio (UTSA) has an opening for an assistant professor in applied demography to begin in fall 2015. Health and inequality is one of two areas of concentration in the department, and this should be one of the areas of specialization by the applicant. Appointment will be in the Department of Demography, which is in the College of Public Policy (COPP). The department has close ties with the Institute for Demographic and Socioeconomic Research (IDSER). The position involves teaching, research, and active participation in the Ph.D. program in Applied Demography. All students in the department come with a master's degree, and the department offers only doctoral seminars. The department is located at UTSA's Downtown campus, with easy access to downtown and the city's cultural attractions.

The Department of Demography has more than 40 Ph.D. students, with about one-third of them being supported as research assistants. The department and IDSER jointly organize the bi-annual Applied Demography Conference in San Antonio. General information about the Department and IDSER can be obtained online at: <http://copp.utsa.edu/demography/home/> Salary and supporting start-up package are competitive and commensurate with qualifications and experience. This position is subject to budgetary approval.

Required Qualifications: Ph.D. with a specialization in demography from an appropriate discipline by August 15, 2015, and evidence of potential to make significant scholarly contributions in the area of applied demography.

UTSA is a comprehensive public university serving approximately 30,000 students and is advancing toward tier one research status. UTSA also offers opportunities for collaborative research with The University of Texas Health Science Center at San Antonio, The University of Texas School of Public Health at Houston, plus numerous other potential opportunities to collaborate with State and local agencies and companies in South Texas.

How to Apply:

Please submit a letter of application, a curriculum vitae, a sample of recent research, and three letters of reference. Applications should be sent by email to: Dr. Johnelle Sparks, Search Committee Chair, Department of Demography, dem@utsa.edu (phone 210-458-3141). Applicants who are selected for interviews must be able to show proof that they will be eligible and qualified to work in the United States by time of hire. A review of completed applications will begin October 1, 2014, and applications will be accepted until the position is filled. UTSA is an Affirmative Action/Equal Opportunity Employer. Women, minorities, veterans and individuals with disabilities are encouraged to apply.
