

Tenured Faculty Positions *Families & Health Across the Lifespan*

As part of an interdisciplinary initiative, the University of Utah is seeking applicants for **two** tenured faculty positions at the **Associate** or **Full** rank that will contribute to a recently established consortium promoting interdepartmental collaboration and innovative research related to families and health across the lifespan. Additional senior level hires are anticipated in 2016 as part of this transformative cluster hiring opportunity.

Family-Based Intervention and Evaluation. We seek scholars who design and evaluate behavioral interventions (e.g., social marketing, clinical trials, personalized medicine) in light of family influences. Interventions may be aimed at preventing, diagnosing, treating, and/or managing disease, and evaluations can examine individual, family, and community effects. The ideal candidate will have expertise in the study of family relationships, including the influence of families on the effectiveness of health interventions. All scholars fitting this description, regardless of their current discipline, are welcome to apply. However, the particular department for the hire (location of tenure and teaching responsibilities) will likely be *Family and Preventive Medicine, Family and Consumer Studies, Health Promotion and Education, Psychology, or Sociology*. For inquiries, please contact search committee co-chairs: Dr. Robin Marcus (Robin.Marcus@hsc.utah.edu) or Dr. Rebecca Utz (Rebecca.Utz@soc.utah.edu).

Quantitative Methods in the Study of Families and Health. Preferred emphases include statistical modeling of longitudinal data structures related to familial, life span, historical, or dyadic processes. Candidates must also have substantive research interests in health-related family processes. Examples include familial/genetic predisposition to health problems, the interaction of familial and environmental factors affecting health outcomes, or social, psychological, public policy, or economic mechanisms affecting health that modify and are modified by family structure. All scholars fitting this description, regardless of their current discipline, are welcome to apply. However, the particular department for the hire (location of tenure and teaching responsibilities) will likely be *Economics, Family & Consumer Studies, Health Promotion and Education, Psychology, or Sociology*. For inquiries, please contact search committee: Dr. Jonathan Butner (Jonathan.Butner@psych.utah.edu) or Dr. Ken Smith (Ken.Smith@fcs.utah.edu).

Positions to begin in **July 2015**. All candidates should have an established track record of extramural funding.

Application review will begin on **Oct 1** and continue until positions are filled. For full postings and to apply:
