

Department of Population Health Sciences (Assistant/Associate/Full Professor) –

Health Services Research and Implementation Science

The Department of Population Health Sciences at Duke University invites applications and nominations for a regular rank faculty position Health Services Research and Implementation Science. Population Health Sciences is a newly formed non-clinical department in the Duke University School of Medicine that houses approximately 36 faculty members who conduct research in the fields of epidemiology, health services research, health measurement and implementation science. Faculty collaborate closely with clinical departments and institutes across the School of Medicine and University.

We are seeking a scholar whose research and teaching apply to issues of health services research and implementation science. The specific focus within this broad field is open, and applicants with experience in health services research and/or implementation science are welcome to apply.

Requirements:

- A doctoral degree in health services research, public health, population health sciences, or related discipline.
- Experience in health services and implementation science.
- Demonstrated ability to conduct scholarly research
- Experience mentoring pre- and post-doctoral students and teaching at the graduate level.
- Highly self-motivated individual, enthusiastic about scientific discovery and able to collaborate closely and effectively with other members of a research team
- Demonstrated ability or potential to secure external funding
- Excellent communication skills (verbal, written, and oral)

For more information about the Department of Population Health Sciences, please visit our website: <https://populationhealth.duke.edu>.

Interested applicants should submit application materials (cover letter, CV, statement of research accomplishments/interests) for this job posting on AcademicJobsOnline at <https://academicjobsonline.org/ajo/jobs/10863>.

Completed applications will be reviewed on an ongoing basis until position is filled, with priority given to applications submitted prior to April 15, 2018.

Duke University is an Affirmative Action/Equal Opportunity Employer committed to providing employment opportunity without regard to an individual's age, color, disability, genetic information, gender, gender identity, national origin, race, religion, sexual orientation, or veteran status.

Location: Durham, North Carolina
